

Section 1: Identification of the Substance/Mixture and of Supplier

Product name: WINTERISER
Recommended use: Winterising treatment for swimming pools
Supplier: Space Industries Limited
Street Address: 160 Plunket Ave,
 Wiri, Auckland
 New Zealand
Telephone Number: + 64 9 262 3902
Facsimile: + 64 9 262 3948
E-mail: orders@spaceindustries.co.nz
Website: www.spaceindustries.co.nz
Emergency Telephone: 0800 764 766 (all hours)
Date of preparation: 11 April 2022

Section 2: Hazards Identification

ERMA Approval Code: HSR002503
Hazard Classification: No hazardous ingredients

Section 3: Composition/information on ingredients

Product Description: Swimming pool algaecide
Hazardous Component(s): None
Composition: 2% 2- bromo-2-nitropropane
 8% Copper Sulphate

Section 4: First Aid Measures
Show this Safety Data Sheet to a Doctor

Inhalation: Remove to fresh air and keep at rest in a position comfortable for breathing.
Skin Contact: Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse
Eye Contact: Irrigate eyes with generous quantities of water for 15 minutes. Remove contact lenses, if present and easy to do. Seek immediate medical attention.
Ingestion: Rinse mouth. DO NOT induce vomiting. Give a glass of water to effectively dilute the product. Seek immediate medical attention.
Notes for the Doctor: Treat symptomatically.

For advice, contact the Poisons Information Centre 0800 764 766 or a doctor

Section 5: Fire Fighting Measures

Specific Hazards:	The product is not flammable. The product is non-combustible, however, the packaging material may burn to emit noxious fumes.
Suitable Extinguishing Media:	Extinguish fires with water spray, foam, carbon dioxide or dry chemical powder.

Fire-fighting advice:	Fire fighters should wear a self contained breathing apparatus to minimise risk of exposure to vapor or products of combustion.
------------------------------	---------------------------------------------------------------------------------------------------------------------------------

Section 6: Accidental Release Measures

Emergency Procedures	Spillages are slippery. Keep spectators away – rope off the area. Avoid accidents, clean up immediately. Ensure adequate ventilation. Wear protective equipment to prevent skin and eye contamination.
Methods and Materials for Containment and Clean Up	Absorb with dry earth, sand or other similar material, shovel up and dispose of in an area approved by local authority by-laws. May be safely mopped up and area washed with excess water. Residues may be safely flushed to drain, if permitted. Incineration of disposed material is not recommended, as it is unlikely to adequately burn.

Section 7: Handling and Storage

Handling:	<ul style="list-style-type: none"> • Ensure an eye bath is available and ready for use. • Add the product only to water using a clean dry plastic scoop • Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. • Strong Oxidiser: Fire may result from contact with heat, acids organic, other chlorine, or combustible materials eg oil, paint etc. • Observe good personal hygiene practices and recommended procedures. • Wash hands thoroughly after handling. • Do not eat, drink or smoke when using this product. • Store away from foodstuffs. • Avoid eye contact.
Storage:	<ul style="list-style-type: none"> • Store in a cool, dry area. • Keep containers tightly closed when not in use. • Inspect regularly for deficiencies such as damage or leaks. • Protect against physical damage.

Section 8: Exposure Controls/Personal Protection

Occupational Exposure Limits:	No value assigned for this specific material by the New Zealand Occupational Safety and Health Service (OSH).
Engineering Control Measures:	None needed
Personal Protective Equipment:	Wear PVC gloves Safety glasses with side shields Light overalls

Section 9: Physical and Chemical Properties

Physical state:	Liquid
Colour:	Green
Odour:	Odourless
Boiling/melting Point:	100°C
Specific Gravity/Bulk	S.G. 1.19
Percent Volatilise:	77% at 100°C

Vapour Pressure:	Not available
Flash Point (°C):	>100°C
Flammability Limits:	Non flammable
Autoignition Temperature:	Not available

Section 10: Stability and Reactivity

Stability:	Product is stable under normal conditions of use, storage and temperature. Solubility in Water – miscible (in all proportions)
-------------------	------------------------------------------------------------------------------------------------------------------------------------

Section 11: Toxicological Information

Ingestion:	Capable of causing irritation if swallowed. Nausea, vomiting and diarrhea
Eye contact:	Can severely irritate the eyes.
Skin contact:	Capable of causing irritation
Inhalation:	Capable of causing irritation

Section 12: Ecological Information

Environmental fate, persistence and degradation:	Avoid contaminating waterways. Toxic to fish and plant life. When handling and backwashing, care should be taken to avoid contamination of surface waterways. If spill occurs, dilute as much as possible with fresh water.
---------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Section 13: Disposal Considerations

<ul style="list-style-type: none"> • Recycle wherever possible. • Consult approved Waste Management Company for disposal options. • Treat and neutralise residue at an approved site. • Decontaminate empty containers. Observe all label safeguards until containers are cleaned and destroyed. • Puncture containers to prevent re-use and bury at an authorised landfill. Do not incinerate.

Section 14: Transport Information

Road and Rail Transport:	Classified as a non - dangerous Good according to NZS 5433:1999 Transport of Dangerous Goods on Land.
---------------------------------	-------------------------------------------------------------------------------------------------------

Section 15: Regulatory Information

Classification:	Non hazardous
------------------------	---------------

Section 16: Other Information

<p>Issue Date: 11 April 2017</p> <p>Note: All information given by Space Industries Ltd is offered in good faith and is, to the best of our knowledge, true and accurate.
