

BAD BOY FIBREGLASS SAND FILTERS

Removing unwanted additions to your pool is critical to pool health. You need a filter that can not only retain this washout from filtration but handle the high pressure action of a good pump.

Bluey" filters are solid wound fibreglass. They are UV & chemical resistant and handle up to 36psi.2.5bar.

Bluey comes standard with a 6 position Multi port valve with sight glass and SS pressure gauge.

Ideal for use on any sort of pool regardless of whether fresh or salt water.

Warranty – 5years on parts. (Excludes spider valve seal)

Code	Description	Suits pools up to (ltr)	Valve (mm)	Max Flow (l/pm)	Filter Area (m ²)	Height	Diameter (O/D)	Pool Sand (kg)
